Long Distance.....	"Long Distance"
Business Office.....	-----40
Applications for service	Inquiries regarding bills or charges
Changes in service	To report unsatisfactory service of
Directory listings	any kind
Directory advertising	Manager's office

## HOW TO USE THE TELEPHONE

Always obtain the correct telephone number from the directory before you make a call.

If the person you wish to speak to is not listed in the directory, call "Information."

Speak slowly, clearly and directly into the telephone, with your lips about one inch from the mouthpiece, so that you will not be misunderstood.

To recall the operator on a connection, move the receiver hook up and down slowly three or four times.

Do not hang up the receiver until you are through with the connection, as this gives the operator a signal to disconnect you.

When your telephone is not in use, always keep the receiver on the hook; otherwise your line will be out of order.

Answer your calls promptly. Failure to do so keeps the calling party waiting and may result in the loss of a message.

In answering a call, say for example, "Mr. Jones speaking" or "Smith & Co., Jones speaking." This method of answering identifies you and saves time. It is desirable to answer calls in this manner both from business and residence telephones.

When changes are made in telephone numbers used on stationery and in advertising, they should be corrected as soon as possible so that persons calling may reach you promptly.

## LONG DISTANCE SERVICE

To make a long distance call, ask the operator for "Long Distance." When "Long Distance" answers, give her your name and telephone number and the details of the call, including the number of the desired telephone, if you know it. "Long Distance" will acknowledge your call and if the distant town can be reached promptly you will be asked to hold the line. If not, you will be informed that you will be called by the operator. Then hang up the receiver.

Different rates apply for the different classes of long distance calls. Information regarding the various classes and how each class can be used to the best advantage follows:

**A Station-to-Station Call** should be made when you will talk to anyone answering the telephone called, or when you feel that the person with whom you wish to talk, can be promptly summoned to the telephone by the person answering. An example of the proper way to place a station-to-station call is to say to the operator, "I want to talk with anyone at John Smith's telephone at Redmond, Iowa." (Give the telephone number, if known, or the street address.)

Rates for station-to-station calls are lower than for person-to-person calls because less operators' labor and less use of the long distance lines and equipment are required to complete them.

**Evening Rates** apply on station-to-station calls on which conversation begins between 7:00 to 8:30 P. M. during which time the charges are about 25% less than the day station-to-station rate. This reduction applies only when the day rate is 40c or more. The minimum reduced rate is 35c.

**Night Rates** are in effect on station-to-station calls on which conversation begins between 8:30 P. M. and 4:30 A. M. during which time the charges are about one-half the day station-to-station rate. This reduction applies only when the day rate is 50c or more. The minimum reduced rate is 35c.

**A Person-to-Person Call** should be made when you wish to talk with a specified person. An example of the proper way to place a person-to-person

call is, to say to the operator, "I want to talk with John Smith at Redmond, Iowa." (Give telephone number if known, or the street address.) The rate for this class of service is somewhat higher than for station-to-station calls. It requires more operators' labor and a greater use of the long distance lines and equipment to locate the specified person and summon him to the telephone.

**An Appointment Call** is made when you arrange to talk with a specified person at a designated time. The rate for this class of service is the same as for a person-to-person call.

**Messenger Calls**—When it is necessary to send a messenger to summon the person called to a telephone, it is a messenger call. The rate for this class of call is the same as for a person-to-person call, plus the messenger charges.

**Reversal of Charges**—Charges may be reversed on all classes of long distance calls at any time without extra cost except on station-to-station calls on which the rate is 20c or less, which take a slightly higher rate when sent collect.

**Report Charge**—A report charge is made on uncompleted person-to-person, messenger and appointment calls when failure to establish the connection is due to no fault of the telephone company. A report charge is also made on reversed station-to-station calls when the party answering at the called telephone refuses to accept the charge and as a result the call is not completed.

The report charge is about one-fourth of the station-to-station day rate. This charge is made to cover a part of the expense of the operators' time and the use of long distance lines and equipment in an effort to complete the call.

**To Obtain Rates** to any place, call "Long Distance." If you want to know the charges on a call at the close of your conversation, notify the long distance operator when you place the call.

Our Manager will be glad to give further information regarding our long distance service. Please feel free to call upon him.

## Directories

No change in listings will be made or new listings inserted in the next issue of the directory, unless the necessary work of making the change or installation involved is completed before the directory form closes for the printers. Therefore, all orders for changes or new listings must be placed with the company on or before Nov. 20th. Orders received on or before the above date can usually be completed in time for the next issue of the directory, but it is desirable that orders for changes be received as much in advance of this date as is possible.

## Identification of Employees

Employees who are authorized to install, examine, change or remove any of the Company's equipment at subscriber's premises are furnished with identification cards, which show the Company's name, the personal signature and description of the employee, and are countersigned by an official of the Company. Subscribers are earnestly requested to refuse access to their premises to persons unable to furnish proper identification.

## Rules and Regulations Governing Service Furnished by the Northwestern Bell Telephone Company

The following are the rules and regulations governing subscribers' telephone service furnished by the Northwestern Bell Telephone Company.

### Use of Equipment by Subscriber

All telephone equipment furnished to subscribers shall be used only by the subscriber or members of his family, his guests or persons residing with him as members of his household, or by his agent or employees when engaged in his business; and shall not be used in any manner in competition with the business conducted by the Company. The equipment shall not be removed from the subscriber's premises except by an authorized employee of the Company, and shall be surrendered to the Company upon the termination of the subscriber's contract

### Connecting With Other Equipment and Appliances

The equipment furnished by the Telephone Company shall not be connected with any other equipment and no instrument or appliance shall be connected with it. Telephone instruments have been designed to produce the best results and are necessarily sensitive and intricate. The various devices which are offered for sale and which are supposed to improve transmission, eliminate noise, destroy germs or afford other improvements, are not only unnecessary, but generally cause trouble. In order to protect its service the Telephone Company will remove all such appliances.

### Right of Access to Premises

At all reasonable times the Company, through its authorized employees, shall have the right of access to the premises of the subscriber to install, inspect or repair the lines or equipment, or to remove them upon termination of the subscriber's right of use.

### Allowance for Failure of Service

The Company does not guarantee uninterrupted working of its lines or equipment. For any complete failure of service, however, of more than twenty-four (24) hours' duration, of which the Company is promptly notified in writing, a pro rata abatement of the contract charge will be made.

### Errors in Directories

The Telephone Company issues directories to assist in furnishing prompt and convenient service, and it does not guarantee to its subscribers correct listings therein. Every precaution is taken to prevent errors and omissions but they will occur, and the Company assumes no liability for damages caused to a subscriber by such errors or omissions

in its directories. Claims for damages on account of interruption to service due to errors or omissions in directory listings, will be limited to a pro rata abatement of the charge for service in accordance with the portion of the subscriber's service affected, and in no event shall such damages exceed in amount one-half the regular rental of the subscriber for the period of time from the issuance of the directory in which such mistake occurred to the date when there is published a new directory containing the proper listing of the subscriber's name.

### Ownership of Directories

Telephone directories furnished subscribers are and remain the property of the Telephone Company and shall be surrendered upon delivery of each later issue. No binder, holder, or auxiliary cover, except such as may be supplied by the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company.

### Change of Numbers

The Company reserves the right to change the subscriber's telephone number or designation at any time.

### Charges for Moves

The subscriber shall be required to pay the Company's customary charges for any change in the location of his telephone equipment made at his request.

### Advance Payments

The Company may at any time demand payment for service in advance of the establishment thereof.

### Outgoing and Incoming Service Privileges

The tariffs and rate schedules of the Company govern and fix the outgoing service of a subscriber and in no manner guarantee to him the same incoming service. All incoming service of a subscriber depends upon and is limited by the right of the calling subscriber to such service.

### Default of Payment or Other Breach of Contract

All bills are due when rendered, and are payable at the Company's business office. Failure to receive a bill, however, will not exempt the subscriber from prompt payment as required by his contract. In the event of any default of payment, or other breach of the terms of its service contract, the Company reserves the right to at once discontinue the subscriber's service or disconnect and remove its telephone equipment.

## OUR POLICY

### The Most Telephone Service and the Best, at the Least Cost to the Public

Our constant aim is to provide local and long distance telephone service that pleases our patrons . . . that enables anyone, anywhere at any time to talk to anyone, anywhere else clearly and

quickly . . . and to furnish service at the lowest possible charges consistent with the financial safety of the business.

**T**HERE is no substitute for the human voice. It has an appeal that no letter can convey. So personal . . . so friendly.

Long Distance telephone service is an easy and economical way for you to send your voice to friends and relatives in distant places. It is an ideal way to make a quick trip, social or business . . . to keep friendships alive . . . to bring the family together.

Just note the rates on this page and see how cheaply you can use this service. These rates apply to Ames and are for three-minute day station-to-station calls . . . when you tell the operator you will talk to anyone available at the called telephone. The Long Distance operator will give you rates for other classes of service or to points not shown.

Long Distance service is faster when you call by number. Our business office will be glad to furnish you with the telephone numbers of out-of-town persons you may wish to call frequently.

**Classified Telephone Directory**  
**June, 1930**

**"WHERE TO BUY IT"**

**NORTHWESTERN BELL TELEPHONE COMPANY**

**Directory Department**

**512 Fifth Street**

**Telephone 40**

## *It's easy to find* **"Where to buy it"**

### **To find the telephone number of a business concern you have in mind —**

*First*, locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.

*Then*, locate the desired concern and telephone number by examining the listings under the heading.

### **To find where to buy the article or service you want —**

*First*, locate the heading indexed by the name of the article or service you wish.

*Then*, select from the listings the dealer with whom you wish to do business

Under these headings also may be found sub-headings descriptive of particular kinds of articles or services and the dealers in a position to serve you. The advertisements provide you with more complete buying information.

Trademark or brand names will be found as Main Headings in their proper alphabetical order according to the trademark or brand name.

If further information is desired please communicate either by telephone or letter with the Business Office, 512 Fifth Street, Ames, Telephone 40.

# Ames

Giving  
Ames  
Service

Not just once in a while, or whenever you feel like carrying it—but all the time,—whenever you need it, and right from the faucet.

That's the advantage of installing an  
AUTOMATIC STORAGE WATER HEATER  
in your home.

Just imagine what may be happening in the home you call by telephone which might prevent an immediate answer—and wait a little longer before deciding there is no one there.

**Before You Move Arrange for Telephone Service**

During moving season, the number of telephones which must be installed is much greater than at other times of the year.

If you are going to move, please notify our Business Office as soon as you can. This will assist in having your telephone service ready sooner in your new location.
